

### **Amendments to the Specification:**

Please replace the paragraph beginning on page 12, line 10 with the following amended paragraph:

--In another example of a gaming machine setting, a player may ~~be to~~ select a preferred game that the player likes to play on a gaming machine. This feature is only available on gaming machines offering multiple game choices. For instance, using the game button 55, a player may select from a number of different games 73 such as video slots, video poker and video keno. Other games which may be available as a player preference selection include but are not limited to video black jack games, video pachinko games, video card games, video keno games and video games of chance. As previously mentioned, additional menus (not shown) may be available with an preference account interface such as interface 50. For instance, a player may select from a number of different types of video poker games such as single player poker, double play poker, triple play poker, 10 play poker, 100 play poker, etc.--

Please replace the paragraph beginning on page 13, line 15 with the following amended paragraph:

--Using the game feature 49 interface portion, a player may be able to select graphic patterns on a gaming machine such as color schemes and graphic symbols that are integrated into a game presentation displayed on the gaming machine. For instance, for a video slot game, a player may use the graphics button 57 to choose a symbol type 65, such as bars, fruits, stars and custom, which may be used in a video slot game presentation. When the fruit button is selected from the symbol types 65, fruits may be used as symbols in the video slot game presentation. The fruit button may include additional selections (not shown) such as types of fruits (e.g. oranges, apples, pears, cherries, strawberries, etc.) which a player may select. When the custom button is selected, a player may be able to select a custom graphic such as a picture of the player or a picture of pet, which may be integrated into a video game presentation on the gaming machine. For instance, in a video poker game, a player's face may be used as a face for a card such as a king or a queen. A player may download a picture in an electronic format using other menus (not shown) available on the interface 50. As another example, using the background category button 58, a player may select a background color 63, such as but not limited to blue, red, green or white, which may be integrated into a video game presentation on the gaming machine.--
